- Meta Business Page ID (for verification)
- WhatsApp Business Account ID
- Permissions granted via Meta login

We do not access or store personal profile data, messages, or contact lists from Meta.

4. How We Use This Data

We use Meta-provided data solely to:

- Authenticate your business account
- Enable WhatsApp notification delivery
- Maintain app functionality and security

5. Data Sharing

We do not sell or share your data with third parties. Meta may process data as part of its platform operations. For details, refer to Meta's Privacy Policy.

6. Data Security

We implement technical safeguards to ensure secure transmission and access control. All notification data is routed through encrypted channels.
